The Victory GSF-2500 stump grinder complies with all safety regulations and is CE tested following the 2006/42/EC machine directive.

## Professional stump grinder with hydraulic 2WD

**The GSF-2500 stump grinder is powered by an extremely robust Vanguard engine (Briggs&Stratton) with 14hp, that comes with a pullstarter and E-starter system.**

- 1** Stump grinder removes tree stumps and roots from 30cm above ground to 25cm below ground.
- 2** Hydraulic drive system with two hydraulic motors, one for each 40 cm sized wheel, guarantees easy handling and loading on a trailer over a ramp.
- 3** Each Greenteeth 700 grinding tooth can be used from three sides, dramatically increasing their durability.
- 4** Ergonomic, adjustable operator handle for easy operation and transport of the stump grinder.
- 5** Spare part supply available in the parts section of our online shop
- 6** Ten patented, easy replacable and turnable tungsten-carbide grinding teeth offer superior performance.
- 7** The large grinding rotor is 37 cm in diameter and 12 cm in width
